SERVICE HISTORY
FOLDING HOOD
WIRE WHEELS
HEATER

Beautifully presented in Mineral Blue with as new black trim, this special MGB Roadster has been subject to a full nut and bolt restoration and as such presents one of the best we have seen. The supplied Heritage Certificate confirms this is a home market supplied in its factory colours supplied by University Motors Ltd and specified with wire wheels, a heater, Dunlop radial tyres, and folding hood. Dispatched 18th September 1968, commission number G23N/010599-F. The restoration was commissioned by longstanding MG Owners Club member who used the owners club to source all necessary parts and specialists. The engine was fully rebuilt alongside the gearbox and the overdrive by Carlow engineering in 2008 before being fully balanced, this was the culmination of a restoration that began in 1994 when a new body shell was sourced and purchased from Moss. All receipts and bills from the restoration are in two folders, these show significant expense and time taken to restore this fabulous Brit...
